

1.1.99
a Lesson in the University of The New Covenant
Theodore Cottingham, September 16, 2003

1. Ted, I use you now to walk forth in My power—your power surrendered to Mine so Mine can come through and be prevailed in your speech and prayer and communication with others. Prevalent—the power to prevail—given to Me by you, in surrender, surrender, total absolute surrender.
2. You gave Me you and I accepted you. I grew you up tenderly, affirming and caressing and hugging and protecting you. I drew you to My side where you have poured out yourself—as a drink offering—to Me, to do anything I want with you—thank you, thank you Ted. And now I shall elevate and connect and prepare you further, continually, for what lies ahead, ever increasing you for more, more of My people to know Me through you, your love, for them, for Me, and tenderness flowing from your life, to their life—affirmation, admiration, on foundations of approval, accepting them as Mine, Mine, Mine, now, and later, loved, purchased, wooed, and wanted.
3. Oh how I love My people, My Mine, My body. Oh how I want them to come to Me and plead their case—when it's time. Am I not the righteous judge? Isaiah 43:26, I spoke, I whispered to you in the night and you arose to review it. Me, I, Mine—we will review and explain and dialogue together of My scriptures that help reveal My true self, not in muddles, but in revelation of Spirit, by My Spirit.
4. Release My spirit to flow free-er in you and in all of My body, freeing them from past paradigms of power no longer powerful. Groom them, arise them, stand them up, cleansed, ripe, ready, anxious for Me in intimacy that few know, but many will.
5. Schools of Me reproducing schools of Me—with motives of Me and not competitors of freedom, but release of Me—freedom, in power multiplied, synergized by the truth that I am—in order, in systems, in ever new creations of creativity. Power synergy, you're on the right track. Refine in Me and My Mine will be refined, cleansed, examined, and made fit for noble purposes, instruments for the Master, utilized by all His household, His family, His guests, His desired, His blood-bought, He waiting-to-be-elevated.
6. Oh Ted, so much more, so many wonderful connections and relationships of Me, interconnecting and interweaving Me, on and in and throughout My body, to reflect Me and My values and My face and My actions, My heart, empowered, in power, not emasculated in depression, revel-ed free, in frolic and joy and laughter and power, power, power.
7. Building a platform for them you are—for all who will stand up and speak and shudder not at the opportunities I bring. Honor all, honor all, those who stand up and those who sit down—disparage not, disparage none.

8. You bring Me so much joy Ted. Tell My body continuously how much joy they bring Me when they come to Me, when they smile at Me, when they smile at each other, in tenderness and love and affection, caring for each other, and about their children.

9. Oh one—one—one—come forth.
One—one—one.
One in Me—My body.
One in Me—in power, in beauty dressed for Me.
Purity.
Joyous.
Ecstatic.

10. Wrong not—My words are true.
I provide. I come. I am.
Maturing all—I am.

11. Busy, busy these next two weeks—let Me flow—let Me flow still.
12. Let Me flow and still Me not.
River be—for Me, for Mine.
Humbly, humbly, humbly.

13. I will flow and I will heal and I will expound on Myself mightily.
River be.
River come.
River flow.

14. Listen, listen and hear the hurts of My children that you will heal, help heal, help over, help past—leaping into Me, and the past not, but the future yes.

15. Disparage not—design of Me.
Complain or create is of Me Ted—My phrase, My values.

16. Set My people free. And I thank you.
Loose them and let freedom reign.
Horizons many—coasts unlimited.
Ships straight—and tales of Me—set straight—corrected.
Manifested freedom—in Me.

17. Me Ted, place their eyes in Me.
Put their hand in Mine.
